Hello Robert, Kevin, Glenn, and Joe,

This email responds to the December 15, 2016 notification by LBNL of the new locations for waste accumulation areas that LBNL will use to temporarily store wastes containing PCBs below 50 ppm and wastes containing PCBs at or above 50 ppm. Attached to this email is EPA's letter amending Condition V.B.1 in the May 10, 2016 Approval of the LBNL Application to include the new waste accumulation areas for temporary storage of PCB wastes (including PCB remediation wastes). The attached letter serves as Amendment 3 to EPA's May 10, 2016 Approval.

Please call me at [415.972.3360](tel:415.972.3360) if you have any questions concerning this email and the attached amendment to the May 10, 2016 Approval.
